

## COVID-19 Host Travel Restrictions and Safety Policies

Due to the coronavirus pandemic, many countries, regions, and cities have specific regulations and requirements for travel and safety. In this document, we, will outline the regulations and requirements for our country/region/city. We will also include our own safety policies and procedures, which have been developed to keep teams, staff, and community members safe.

### Travel restrictions for

- Are there any restrictions on who can enter the country?
- Are negative COVID-19 tests required, and within what time frame?
- Are there any curfews in place in the region?
- Are quarantines required?

### Travel restrictions for

- Are there any restrictions on who can enter the region/city?
- Are there any curfews in place in the region/city?
- Are quarantines required?

### Safety regulations for

- Where are masks required?
- Are there any limits on social gatherings?
- Are there any restrictions on businesses (like churches or restaurants) that our team should know about?

### Safety policies for

- Where are masks required?
- What physical distancing measures are in place?
- How will meals be served?
- What other policies are in place that the team needs to be aware of?
