Covid-19 Host Travel Restrictions and Safety Policies

Due to the coronavirus pandemic, some countries, regions, and cities have specific regulations and requirements for travel and safety. In this document, we, [host site organization], will outline the regulations and requirements for our country/region/city. We will also include our own safety policies and procedures, which have been developed to keep teams, staff, and community members safe.

Travel restrictions for [country]:
- Are there any restrictions on who can enter the country?
- Are Covid-19 vaccinations required for entry?
- Are negative Covid-19 tests required, and within what time frame?
- Are there any curfews in place in the region?
- Are quarantines required?

Travel restrictions for [region/city]:
- Are there any restrictions on who can enter the region/city?
- Are there any curfews in place in the region/city?
- Are quarantines required?

Safety regulations for [country/region/city]:
- Are Covid-19 vaccinations required to enter certain types of establishments (restaurants, public transportation, etc)?
- Where are masks required?
- Are there any limits on social gatherings?
- Are there any restrictions on businesses (like churches or restaurants) that our team should know about?

Safety policies for [host organization]:
- Are Covid-19 vaccines required?
- Where are masks required?
- What physical distancing measures are in place?
- How will meals be served?
- What other policies are in place that the team needs to be aware of?
