

COVID-19 Mission Trip Participant Safety Commitment

Following health and safety regulations is a way of showing love for those around us. Caring enough to protect others shows that we value their health and their community.

As Philippians 2:3-4 (CEB) says, “[...] with humility think of others as better than yourselves. Instead of each person watching out for their own good, watch out for what is better for others.”

As a member of this mission trip team, I _____ agree to abide by the safety protocols put in place by both my team and the host partner. I will abide by all health and safety rules, in order to protect myself, my team, the host partner staff, and the community we serve alongside.

This means that I will:

- Wear a mask that fully covers my nose and mouth when required.
- Maintain physical distance (6 feet apart) from those who are not in our group.
- Wash my hands well frequently, especially after eating, using the restroom, or touching high contact surfaces.
- Abide by occupancy limits in enclosed areas.
- Complete daily health screenings.
- Follow any health and safety instructions given by team leaders, host partner staff, or local officials.
